Project Development Survey

Over the past three years The Project Development Committee has been committed to offering three project events each year, 4-H Fall Kick-Off, January Thaw and Spring Fling. We would like your input to make these events more in tune with our members. Please take a few minutes to answer some questions in our survey and help us make these 4-H project events even better! We encourage both adult and youth members, with an adult's help, to complete the survey. Thank you from the Project Development Committee.
