Division: 6th-7th grades 8th-9th grades 10th grade and up

Name Tim Clover Age 15 Grade 10

Address 212 4-H Lane City Lakewood Zip 54138

Phone 715-555-1212 Yrs in 4-H 5 Yrs in Project 4 4-H Club Wilderness 4-H

Parent/Guardian Name Joe & Mary Clover

If you cannot be at the interview, please check here and indicate on the back of this form why you are unable to attend.

I agree with the information presented on this form: yes no Kathy Cloverette
(General Leader Signature)

Describe your project plan and achievement throughout this 4-H year. Include what you learned and did and how you improved during this 4-H year. (Report project work and/or activities related to your award category only).

This year I did many things in the Arts category. I was in the Arts and Crafts project. My main area of interest is drawing and painting. I took three drawings to the Oconto County Fair this year. I received a blue on my pencil landscape drawing and a red on my drawing of a dog which was also in pencil. I should have had more detail in my dog drawing. My charcoal drawing is my favorite. It was a large drawing of a landscape. The judge liked it too. He gave me a blue ribbon for it. I also did many drawings that I didn't take to the fair. In these drawings, I experimented with many different mediums and found out that I got the best results with pencil and charcoal. Besides learning how to improve my drawing skills, I learned how to choose a mat that will look nice with my picture. Because I like to draw and am pretty good at it, I helped some of the younger members in our club learn to improve their drawings. I attended two county meetings for drawing and painting.
