Each class is set up so you get to take home a completed project at the end of the session. (Projects all ready for the fair!)

The beginning sewing classes organized through the Oconto Falls library. Classes are limited to six, adults or teens (younger participants are welcome but must be capable of using the sewing machine and should have an adult accompany them to aid them in the class). Beginning classes are free and all supplies are provided.

**Tractor Supply Co Paper Clover Campaign, Oct. 4th-15th**

The Fall Tractor Supply Company will holding a Paper Clover Campaign October 4th-15th. During the campaign, customers can purchase a paper clover for one dollar at checkout to support leadership activities for Wisconsin 4-Hers.

The Wisconsin 4-H Foundation is offering a great way for clubs to promote 4-H and help make the Paper Clover Campaign more successful. We are asking 4-H clubs to partner with their local TSC to promote 4-H at the store. The first club to volunteer at each store will receive $50 from the Wisconsin 4-H Foundation.

There are over 15 TSC stores in Wisconsin, so even if there is not a TSC in your county, you can still partner with the TSC that is closest for you. Note that only one club will receive $50 for volunteering in each Wisconsin TSC store.

If you are interested, contact Joanne at the Wisconsin 4-H Foundation at Joanne@Wis4HFoundation.org or (608) 262-1597. The Foundation can provide contact information for the store in your area, then your club and the store can work together to plan your event.

◆ Impatience or interrupting
◆ Not listening

Then the Raising a Thinking Child workshop may be just right for you! This evidence-based workshop series will help you guide your child to solve common, everyday problems by communicating with your child. **Participants will learn:**

◆ To give their children skills to solve their own problems and think about the consequences through fun games
◆ How to help kids care about and understand their own and others’ feelings

This program is a refreshingly practical curriculum that helps you help your child learn how to think, not what to think. Through 7 weekly classes, along with interactive, fun activities for you and your child to do at home, you will learn ways to help your child think in new problem-solving ways.

**Free:** weekly family dinner-5:00 pm. incentives and free childcare for participants will be provided. Brought to you by Oconto Elementary School, Oconto Head Start and Oconto County UW-Extension.
